OFFICE OF THE CHIEF COMMANDANT, MYSORE STATE TROOPS, BANGALORE.

Abstract Notification dated 9--11th February 1937.

The attention of such of the discharged men of the 1st Battalion M. I. as to whom it may concern is invited to this Office Notification, dated 1st February 1937 published on page 164, Part VI of the *Mysore Gazette*, dated 4th February 1937, regarding the claim to be made for the clothing allowance amount lying undisbursed in the Unit Office.

S. ABDUL KHALAK,
For *Chief Commandant.*

OFFICE OF THE CHIEF ELECTRICAL ENGINEER IN MYSORE, BANGALORE.

Notification.

The present system of taking meter readings between the 20th and end of the month, the last days of collection being fixed between the 15th and 18th of each month, has been causing a good deal of inconvenience to the consumers in Bangalore and Mysore Cities, as they are obliged to remain at the pay office for a number of hours, especially during the days of heavy collections, *viz.*, between 12th and 18th resulting in some of them being unable to make payments before the due date.

In order to avoid this inconvenience to the public, the following revised procedure with regard to meter reading, billing and collection of bills is published for general information.

1. Meter will in future be read from the 1st to the 10th and from the 15th to the end of each month. The bills will be made out immediately and posted to the address of the consumers the next working day after the readings are taken. The bills will be payable within 15 days from date of the bill.

2. The new system of meter readings will come into operation from the 15th March 1937 and the bills for the month of March 1937 will therefore be payable on or before the 2nd of April 1937 and onwards according to the dates on which the readings in the installation are taken. The revised meter reading dates will be intimated to the respective consumers with the bills due and payable for February 1937 consumptions.

3. Bills will, as usual, be sent by post; but non-receipt thereof will not be a valid excuse for failure to make payment on the due date.

S. G. FORBES,
Chief Electrical Engineer.
